

Deposit for test of accuracy of a meter at the customer's request.....\$96.95

Time switch adjustment at customer's request.....\$96.95

More information?

Fixed Charges are made up of meter reading, meter capital cost recovery, billing costs and some of the costs of maintaining and connecting to the electricity distribution system.

Energy Rate is the charge for each unit of electricity (kWh) used which covers the cost of generating the power and some of the transmission and distribution costs.

Quarter means a period of 91 days.

Goods and Services Tax (GST) Prices include GST.

For more information on small business electricity rates and charges, visit www.auroraenergy.com.au or call

1300 13 2045

Information is current as at July 2010.

Your guide to *business* rates and charges.

Effective from 1 July 2010 until the start of a new determination of retail prices

The following tariff schedule is published under the provisions of the Electricity Supply Industry Act (1995) and is to apply from 1 July 2010.

The tariffs have been approved by the Electricity Regulator as being within the maximum prices determined under the Electricity Supply Industry (Price Control) Regulations 2003.

The following schedule should be read in conjunction with Aurora's Standard Tariff Agreement, Terms and Conditions and Customer Charter, which are available at www.auroraenergy.com.au or by calling **1300 13 2045**.

General commercial tariff (Tariff 22)

Fixed Charges.....	79.793 ¢/day
