

## Switching to aurora+ is simple.

visit [auroraenergy.com.au](http://auroraenergy.com.au)

Select aurora+ and fill out the sign up form.

Once the online form is completed we will take care of the rest.

“ I like the ease and simplicity of use and being able to check the app anytime 24/7.

- **Becky**, Moonah

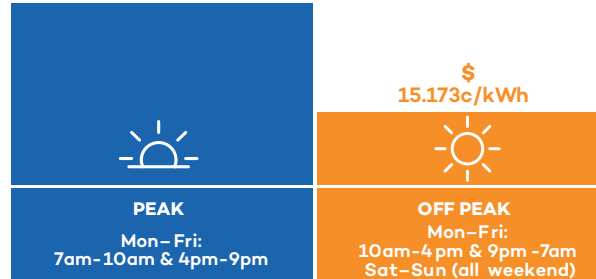

“ I've been able to clearly see when I'm using power, so that I can take advantage of the lower tariff and maximise my dollar.

-**Adam**, Invermay

## Understand how pricing works.

## Putting the power in your hands.

**We know that every home, family and lifestyle is different; which is why we have a number of energy products for you to choose from.**

**Does this sound like you?**

- You love the control of being able to make payments when it suits you
- You want more visibility on when and how you're using your energy
- You're comfortable using your phone or computer to view and pay for your energy

**Then the new digital product aurora+ might be for you.**

**Does this sound like you?**

- You're home during the day and on the weekends
- You like to have more control over what you pay for your energy

**Then our Time of Use product might be for you.**

**Does this sound like you?**

- You don't want to worry about the times you choose to use your energy
- You have wired-in heating (like a heat pump) and electric hot water

**Then our Lights and Power + Heating and Hot Water product might be for you.**

**Features/Benefits**
