Residential and small business gas customers

0310_V3 Aurora Energy Pty Ltd ABN 85 082 464 622

Gas rates and charges

Residential

The following rates are available for private residential dwellings using less than 1TJ p/a: **5.3766 cents ($0.053766) per megajoule plus a daily charge of 64.47 cents.**

Small business*

The following rates are available for business customers using less than 1TJ p/a: **5.6881 cents ($0.056881) per megajoule, plus a daily charge of 162.85 cents.**

*This charge applies to commercial businesses using less than 1,000 GJs (or 1,000,000 MJs) of gas per annum. If your business uses more than 1,000 GJs of gas please contact Aurora Energy on **1300 132 045** to discuss your pricing options.

Definitions

1 megajoule (MJ) = 1 million joules
1 gigajoule (GJ) = 1,000 megajoules
1 terrajoule (TJ) = 1,000 gigajoules
Your gas account will show gas consumption in MJs.

Service charges and fees

The table details charges that may apply during the course of your agreement with Aurora Energy. The new connection fee is determined by the Distributor and is based on the length of the service line required and the anticipated load on the connection. This fee will be confirmed to you prior to the Distributor making the connection.

This information is effective 20 May 2024; however, Aurora Energy may vary rates and service charges at any time and notify customers of such changes. To check your rates and charges please visit **auroraenergy.com.au**
