This policy outlines Aurora Energy's commitment to its customers to manage and resolve complaints. Our Complaints Management Policy and related procedure is developed in accordance with Australian Standards.

- respond quickly, respectfully and professionally to complaints and aim to resolve all complaints when they are first raised;
- keep you informed of the progress of your complaint;
- advise you of your right to escalate your complaint to more senior Aurora Energy staff, or to the Energy Ombudsman; and

3. Resolving Your Complaint

Regardless of how you lodge your complaint, if it cannot be resolved immediately, we will acknowledge your complaint within 3 working days and attempt to resolve it within 10 working days.

Some complaints may be more complicated than others and may not be able to be resolved within 10 working days. In that case, we will explain the reason for the delay, advise you of a new timeframe for resolution and keep you informed of progress.

We will contact you to advise our decision regarding your complaint and the reasons for that decision.

4. If You Are Unhappy With Our Decision

We expect our complaints management process will resolve your complaint. However if you consider your complaint has not been adequately resolved, you have the right to:

- request a review of your complaint by senior Aurora Energy staff; or
- lodge a complaint with the Energy Ombudsman.

The Energy Ombudsman provides an independent and free dispute resolution service for customers who are unable to resolve their complaint with their energy retailer.

For the Energy Ombudsman to be able to assist, you will need to give us reasonable opportunity to respond to your complaint. The Energy Ombudsman may refer your complaint back to Aurora Energy if you have not attempted prior resolution of the complaint with us.

The Energy Ombudsman can be contacted on 1800 001 170. More information on the Energy Ombudsman is located at www.energyombudsman.tas.gov.au.

5. Confidentiality

Aurora Energy is committed to maintaining the confidentiality of your personal information. While resolving your complaint, we will keep your personal information confidential and will not disclose it to third parties unless permitted or required to do so under relevant privacy legislation. Aurora Energy's Privacy policy is available on request and is published on our website www.auroraenergy.com.au.
