Gas rates and charges

Residential

The following rates are available for private residential dwellings using less than 1TJ p/a: **5.7285 cents (\$0.057285) per megajoule plus a daily charge of 77.37 cents.**

Small business*

The following rates are available for business customers using less than 1TJ p/a: **6.0173 cents (\$0.060173) per megajoule, plus a daily charge of 168.51 cents.**

*This charge applies to commercial businesses using less than 1,000 GJs (or 1,000,000 MJs) of gas per annum. If your business uses more than 1,000 GJs of gas please contact Aurora Energy on **1300132045** to discuss your pricing options.

Definitions

1 megajoule (MJ) = 1 million joules
1 gigajoule (GJ) = 1,000 megajoules
1 terrajoule (TJ) = 1,000 gigajoules
Your gas account will show gas consumption in MJs.

Service charges and fees

The table details charges that may apply during the course of your agreement with Aurora Energy. The new connection fee is determined by the Distributor and is based on the length of the service line required and the anticipated load on the connection. This fee will be confirmed to you prior to the Distributor making the connection.

This information is effective 20 June 2025; however, Aurora Energy may vary rates and service charges at any time and notify customers of such changes. To check your rates and charges please visit **auroraenergy.com.au**
